

# Building Bricks

## Sight Words

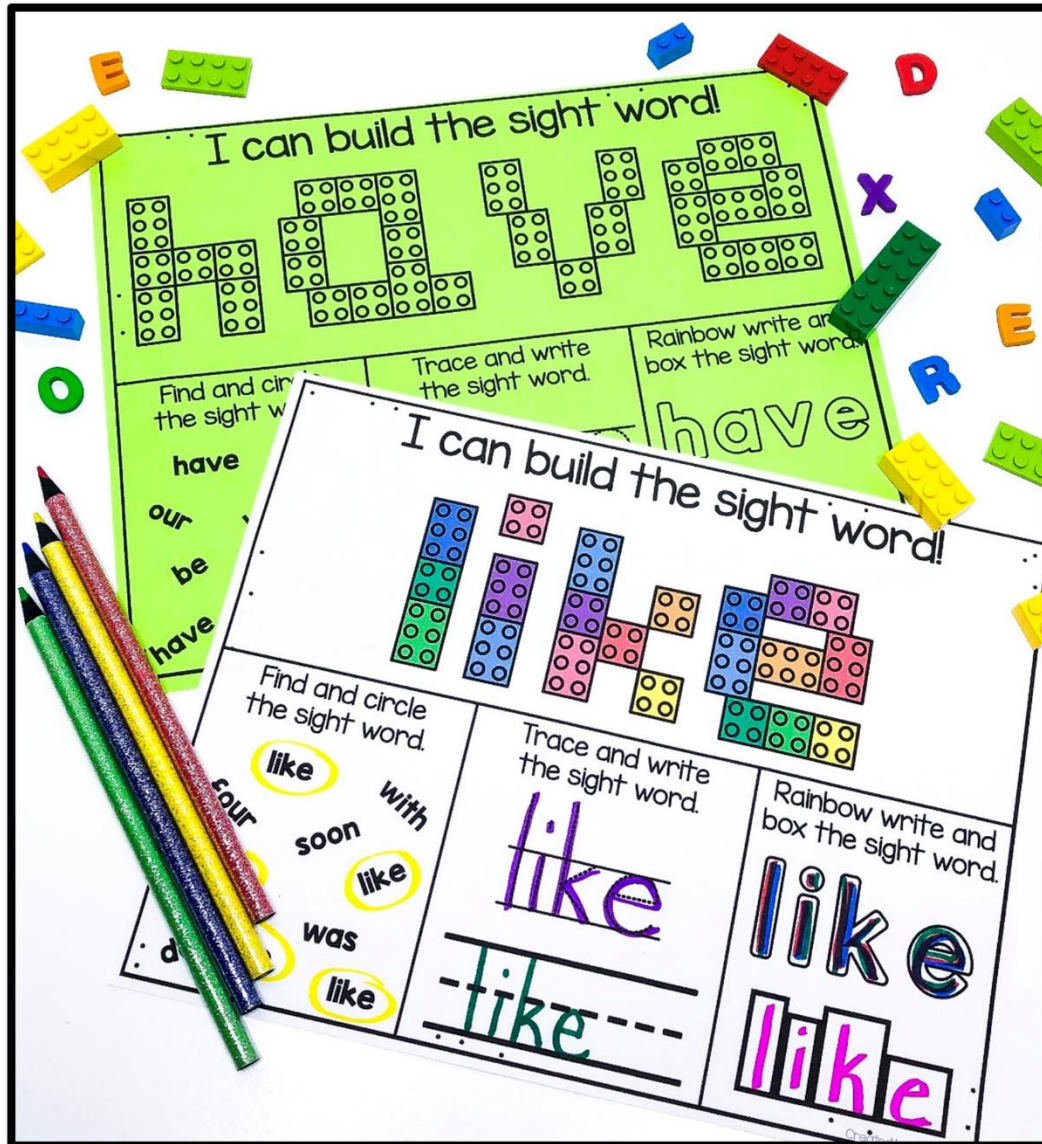

The image features a collection of educational materials for teaching sight words. At the top, a banner displays the title "Building Bricks Sight Words" in a playful font. Below this, several worksheets are scattered, each with a different activity:

- Worksheet 1 (Green background):** Titled "I can build the sight word", it shows a grid of dots forming the word "have". Below the grid, the words "have", "our", and "be" are listed. A section on the right says "Rainbow write and box the sight word" with the word "have" written in rainbow colors.
- Worksheet 2 (White background):** Also titled "I can build the sight word", it features a grid of colored dots forming the word "like". Below the grid, the words "like", "soon", "with", and "was" are listed. A section on the right says "Rainbow write and box the sight word" with the word "like" written in rainbow colors.
- Worksheet 3 (White background):** Titled "I can build the sight word", it shows a grid of dots forming the word "like". Below the grid, the words "like" and "soon" are listed. A section on the right says "Rainbow write and box the sight word" with the word "like" written in rainbow colors.

Scattered around the worksheets are numerous colorful LEGO bricks in various colors (red, yellow, green, blue, purple, orange, pink). A cartoon girl with brown hair in pigtails is holding a large yellow LEGO brick. Several colored pencils are also visible at the bottom of the image.

Primer

# Directions

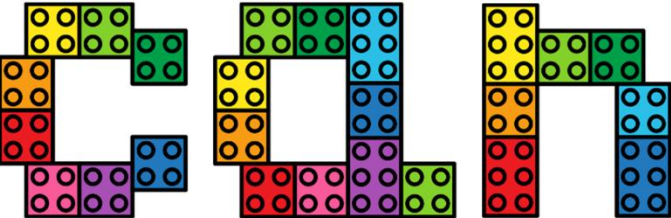

This is a great activity for students to practice sight words! Included in this pack is all 52 Primer Sight Words. There are two printing options, black & white (to save ink) and color. Students will build the sight word on the top of the mat. They will then find and circle the sight word in the first box. In the second box, students will trace the sight word then write it independently. In the last box, students will pick three colors and rainbow write the word then write the word in the boxes. These sheets can be placed in dry erase sleeves or laminated so they can be used over and over. Perfect for word work centers, early finishers, and morning tubs! Please let me know if you have any questions!

# Directions

Students will build the sight word on the top of the mat.

I can build the sight word!
