

Roll & Place

WINTER

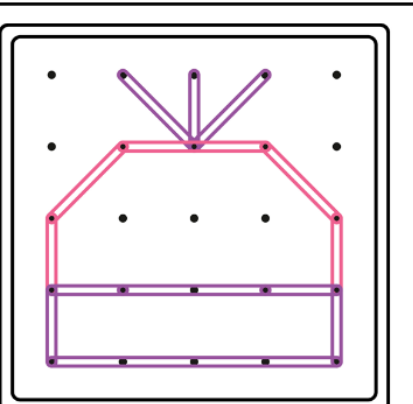

10 different designs with 2 choices for each!

Instructions

Easy Version

Roll & Place

A 5x5 geoboard with a simple hat shape drawn. The hat has a rectangular base and a triangular top. The base is formed by a purple rubber band. The sides and top of the hat are formed by pink rubber bands. The brim of the hat is formed by two purple rubber bands meeting at a central point.

Roll & Place

Students will use a dice to roll a colored rubber band. The student will then place that colored rubber band on a geoboard to begin creating the shape in the picture. Students will keep rolling and placing rubber bands until the picture is complete. When the mat is complete, the student will count how many of each colored rubber band and write it in the box.
