Teacher Tips

1 Prepare Materials

- scissors
- glue
- markers, crayons, or colored pencils
- copies of lapbook pages
- file folder, construction paper, or notebook (fold one side to the middle, then fold the other side to the middle)

2 Create Lapbook

- Break the activities up into different days or sessions. I like to do one activity (flap) a day.
- Students will cut & glue each flap to the folder and complete the activity.
- Complete various activities throughout the week to place into folder.
- Decorate the front.
- Bring home to share with families.

What's Included:

Bees can/have/are

Label a Bee

All About Bees Flip Book

Bee Facts

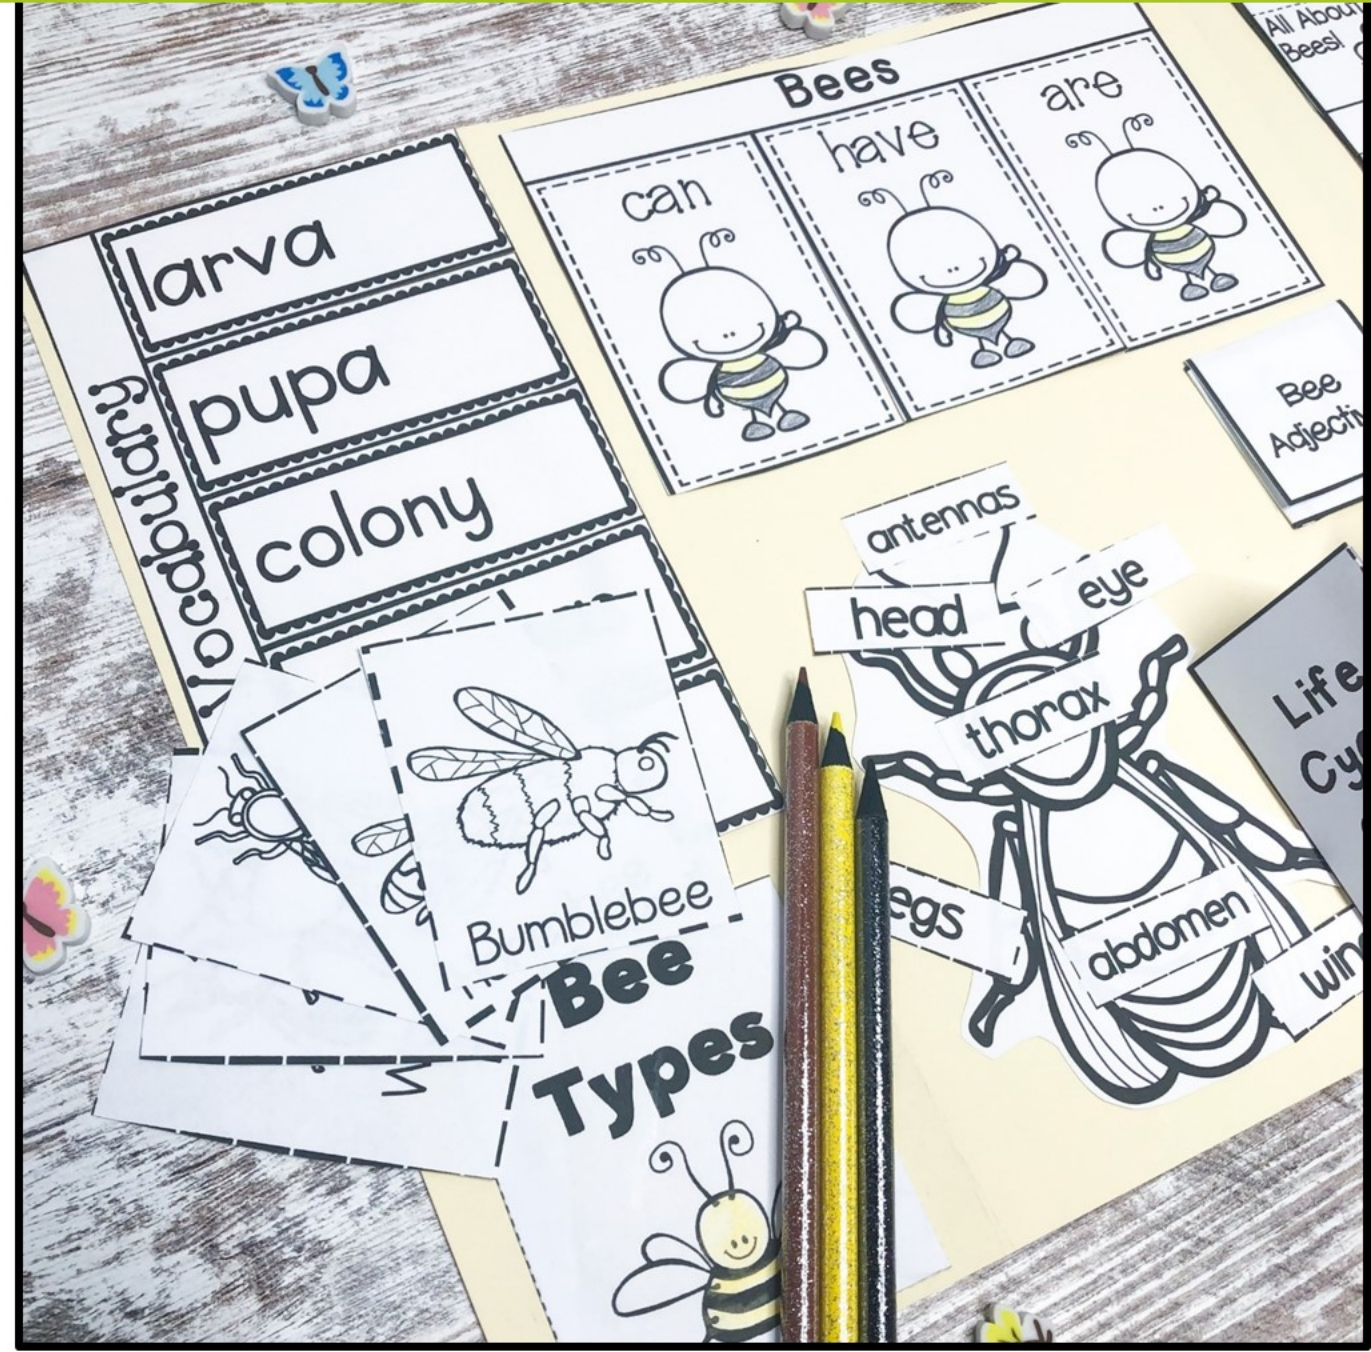

Bee Vocabulary

Life Cycle of a Bee

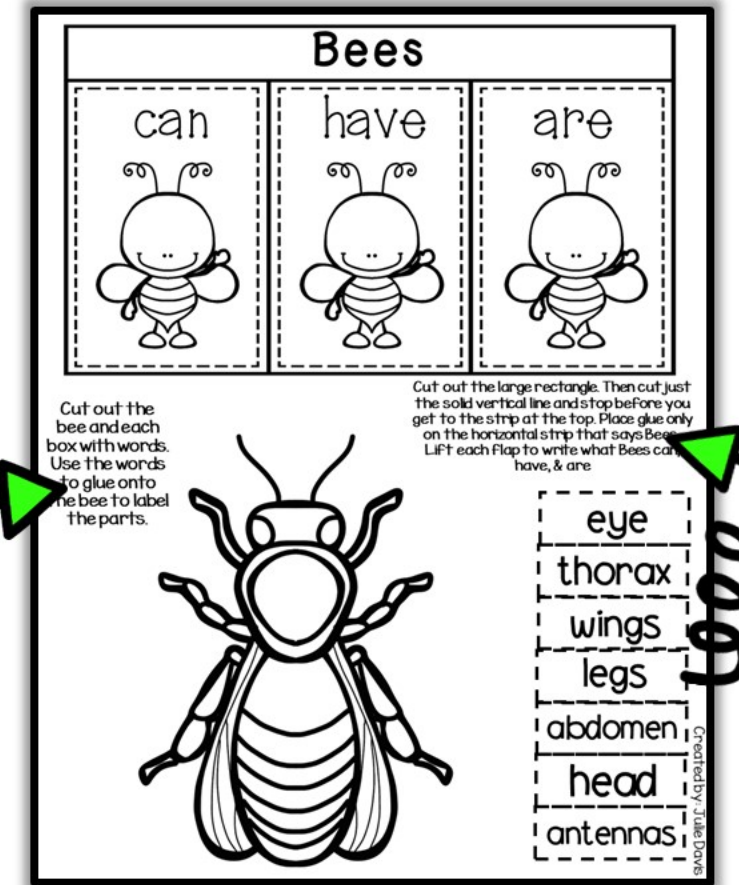

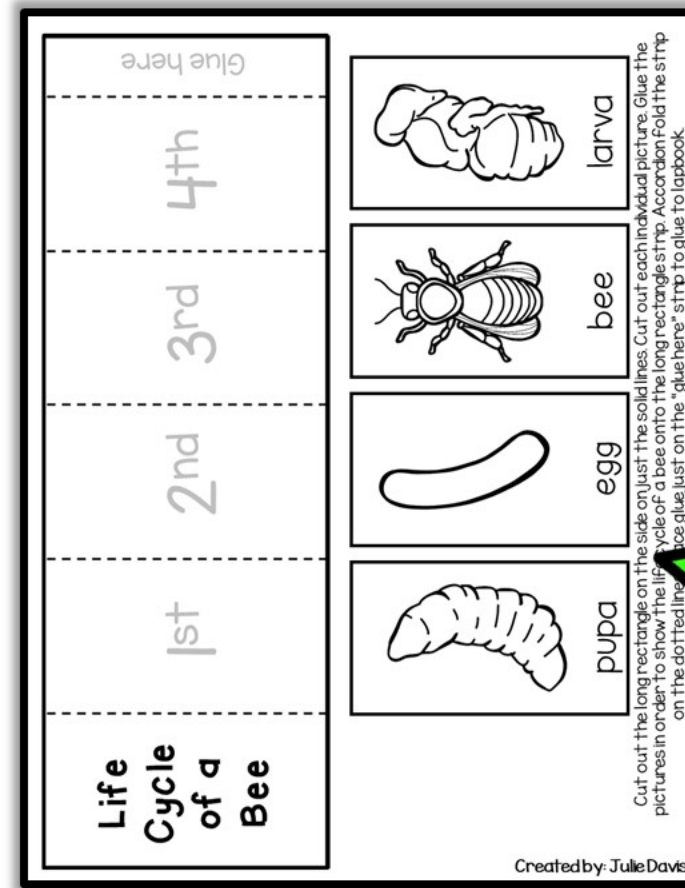

And More!!!

What's Included:

Each template has step by step directions to tell you how to cut and fold each flap!

What Teachers are Saying...

"My kids loved doing this! They couldn't wait to get to the book each day and were so excited to take the project home to share with their families!"

"My children used this as a consolidation of our bee unit. They did independent research on bees and then filled in the information before doing a presentation to the class."

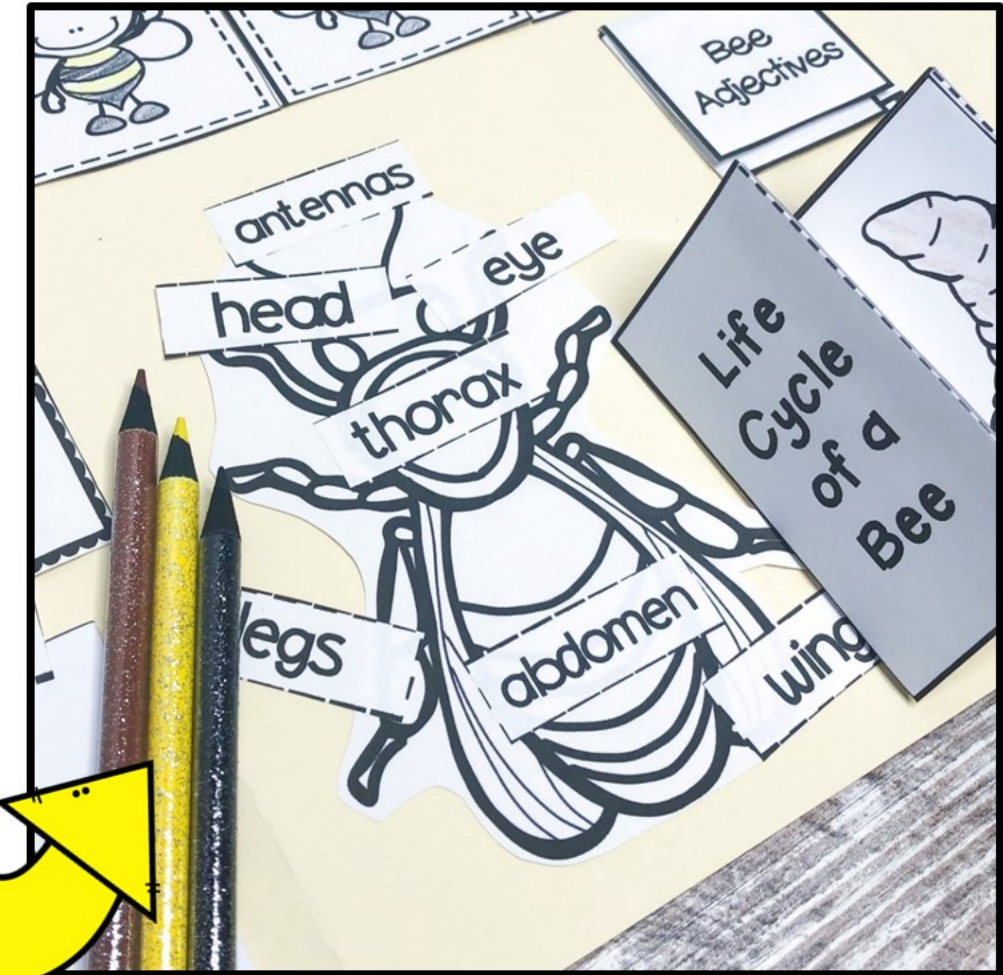

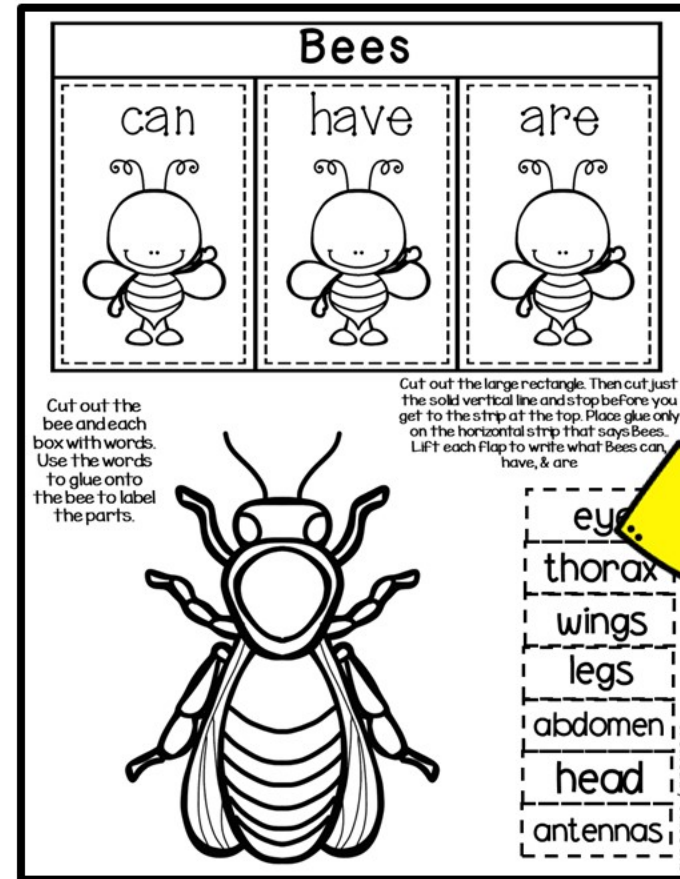

"I used this resource with my younger students in Art Class. I began my science integrated art lesson, by teaching them basic info about Bees. This resource is extremely engaging and interactive and my students just LOVE it!"

Easy to Make and Assemble

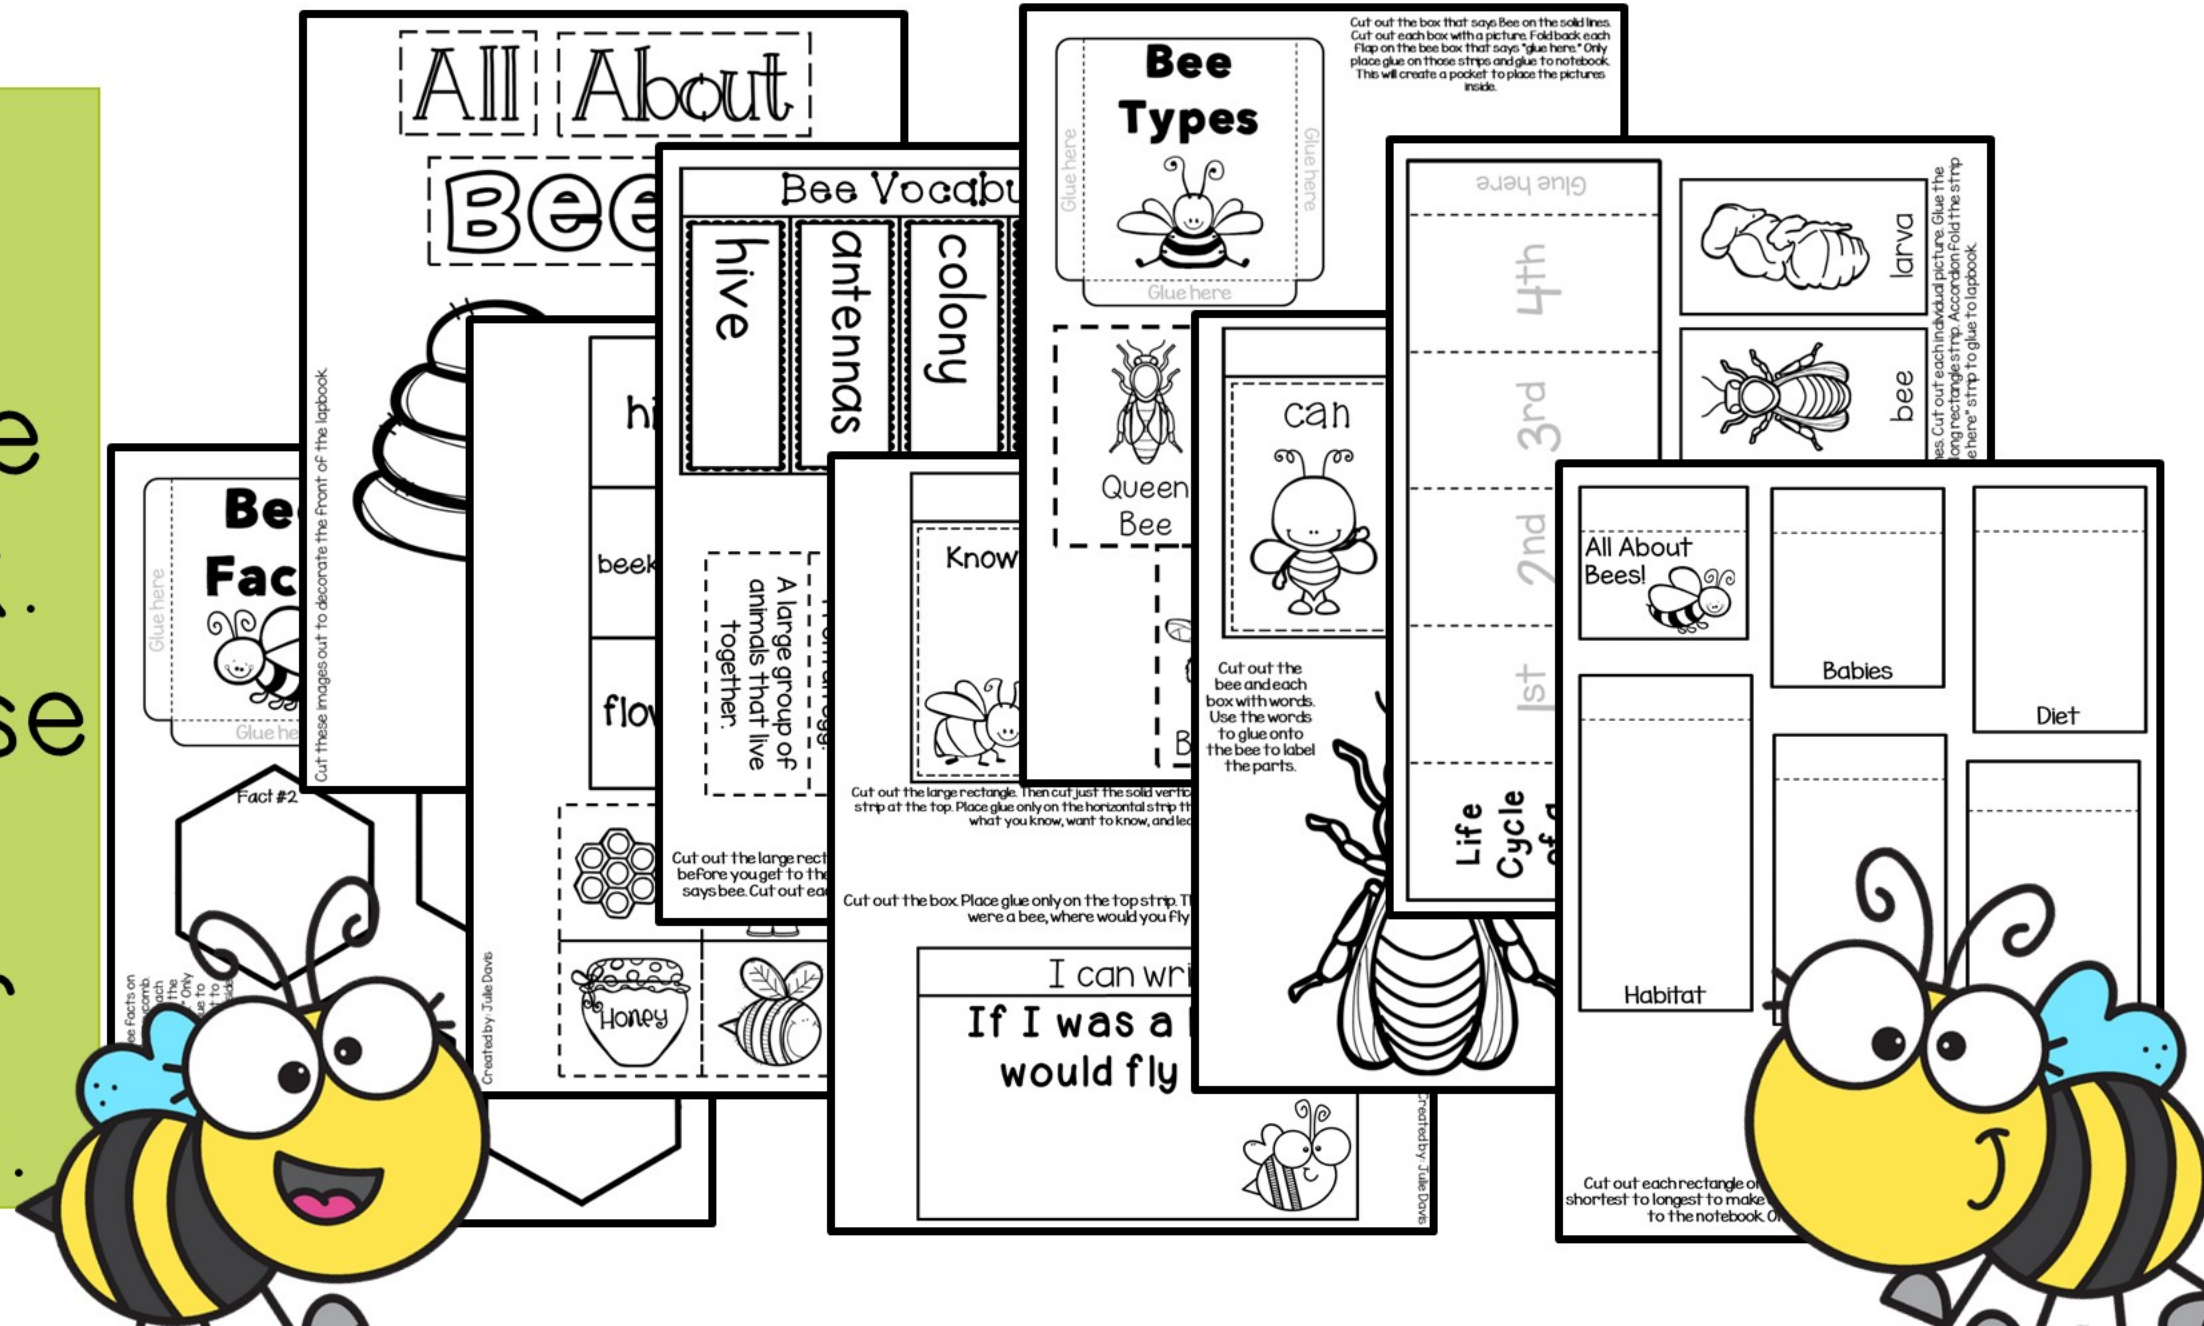

Simply print the templates and let your students complete and create!

These templates go just beyond a worksheet. They become interactive!

Printable Templates

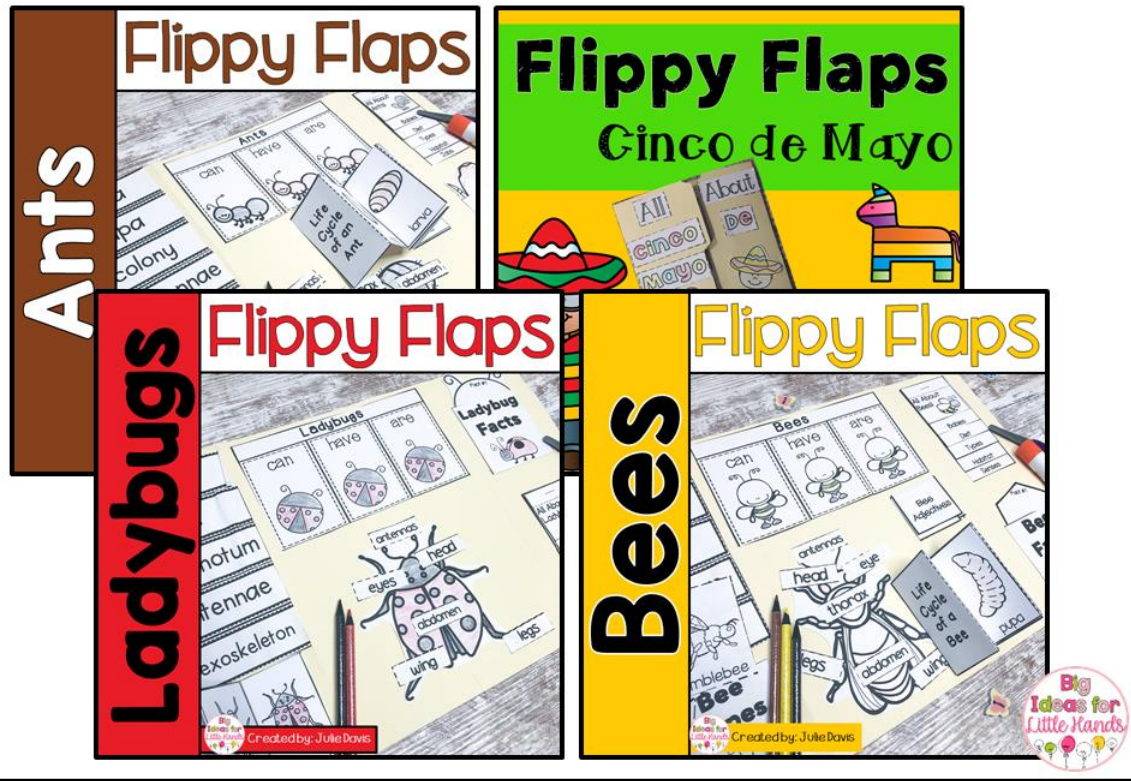

Lots of templates included to use in the lapbook. Pick and choose which ones work best for your students.
