Incorporating tens frames into centers

10 pages of math skills practice

Minimal prep required

Predictable Centers

# How to Use

Students pick a mat and corresponding ten frame mat

Roll the dice and find the matching snap cube

Place the snap cube on the same color on the mat

Color in a square on the ten frame

The image illustrates the 'Books and Apple' math activity. It features a main mat titled 'Books and Apple' with a ten frame grid. The grid is partially filled with snap cubes: a green cube in the top row, a red cube in the second row, a pink cube in the third row, a yellow cube in the fourth row, a purple cube in the fifth row, and a blue cube in the sixth row. To the right of the mat is a legend showing three dice faces (1, 2, and 3 dots) next to their corresponding colored snap cubes: pink for 1 dot, purple for 2 dots, and blue for 3 dots. Below the main mat is a separate mat titled 'Roll, Snap, & Frame'. This mat contains six ten frame grids, each with a colored square next to it: pink, yellow, purple, blue, red, and green. The title 'Books and Apple' is written at the bottom of this mat, and 'Created by Julie Davis' is written in the bottom right corner.

# Ways to Use

**School**

Created by Julie Davis

**Roll, Snap, & F**

- Math Small Groups
- Math Centers
- Morning Bins
- Early Finishers
- STEM bins
- and more!

# What Teachers are Saying...

"Great center to grow with my students starting with the beginning of the year! Easy to give more to those student whom and when they are ready. Thank you! :)"

"very helpful resource for use with my students in early intervention with fine motor hand strengthening skills"

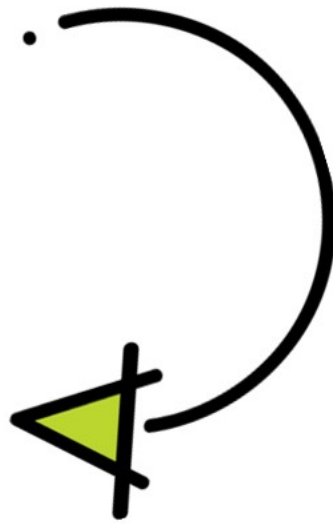

"I love this so much! I'm going to use it with my math stations at the beginning of the year! Exploration with a purpose!"
