a peek inside

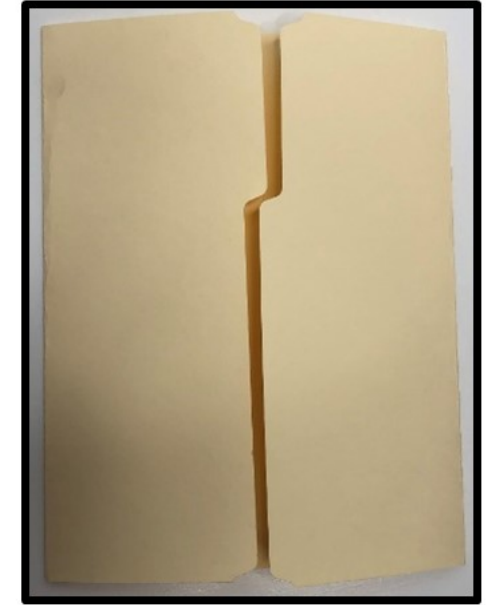

# Teacher Tips

## 1 Prepare Materials

- scissors
- glue
- markers, crayons, or colored pencils
- copies of lapbook pages
- file folder, construction paper, or notebook (fold one side to the middle, then fold the other side to the middle)

## 2 Create Lapbook

- Break the activities up into different days or sessions. I like to do one activity (flap) a day.
- Students will cut & glue each flap to the folder and complete the activity.
- Complete various activities throughout the week to place into folder.
- Decorate the front.
- Bring home to share with families.

# What's Included:

Recycle/Cannot Recycle Sort

Help/Harm the Earth Sort

All About Earth Day Flip Book

Earth Day Facts

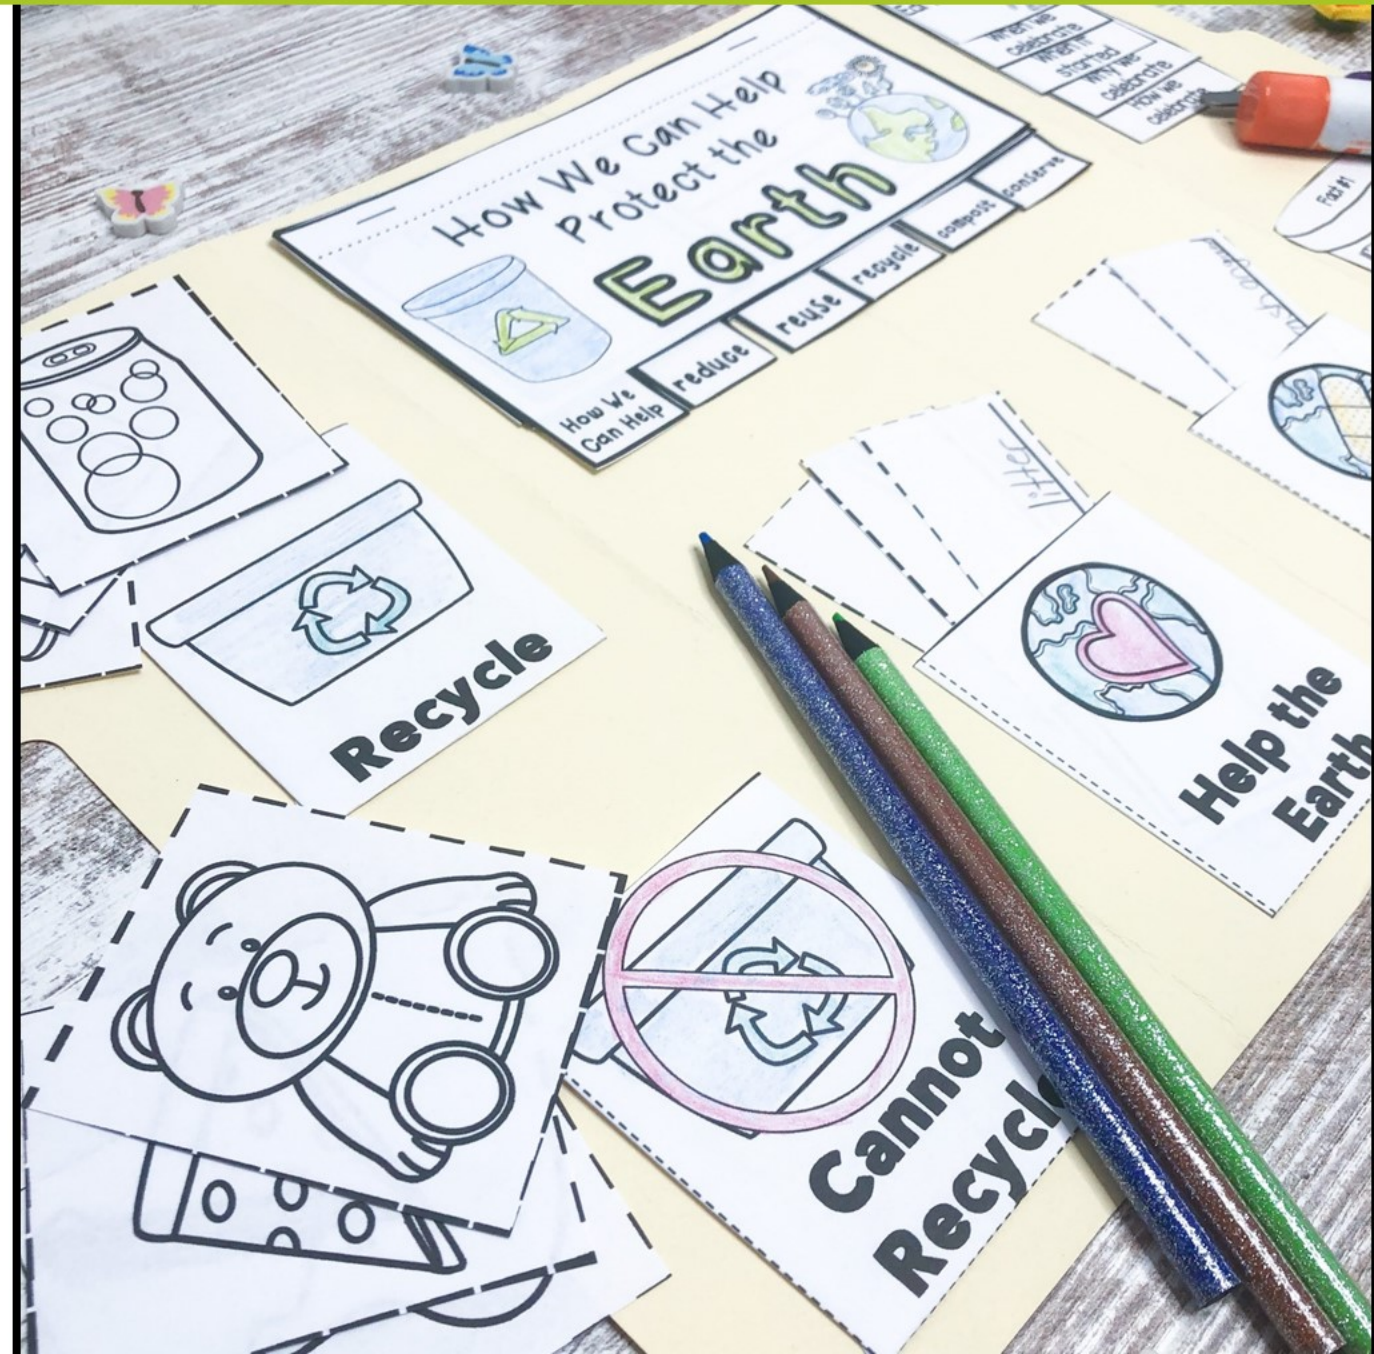

How to Protect the Earth Book

Earth Day Vocabulary

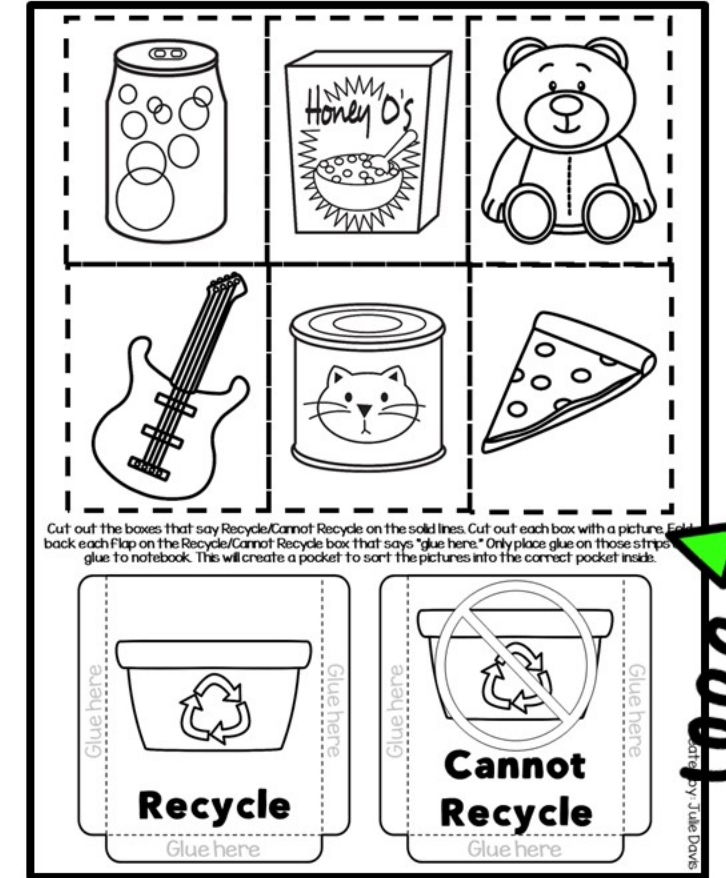

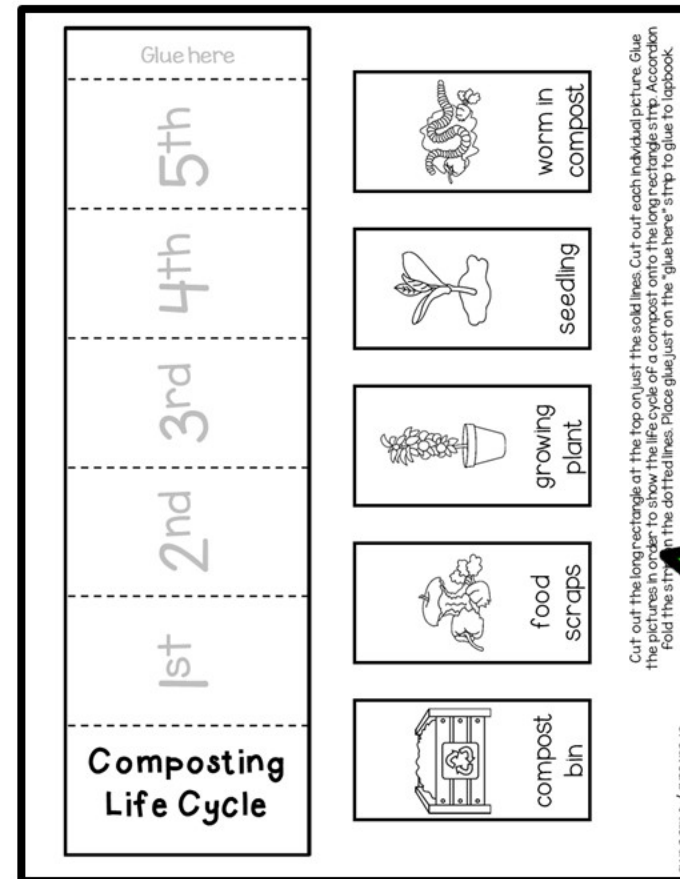

And More!!!

# What's Included:

Each template has step by step directions to tell you how to cut and fold each flap!

# What Teachers are Saying...

"My students loved how simple this was, they enjoyed getting to make a book all about earth day!"

"So thankful for your Earth Day activities! (Very easy to use and prepare when I am short on time!) Thanks so much!"

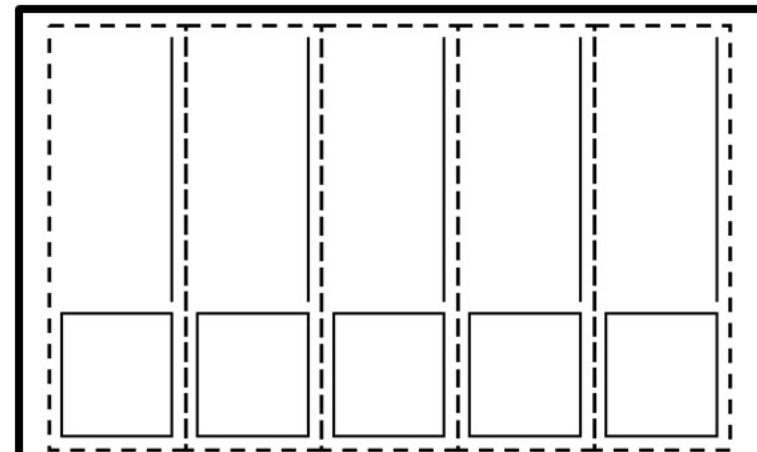

"I love interactive notebook activities and I was very excited to share this with students as we were starting our Earth Day unit. Excellent resource! Thank you!"

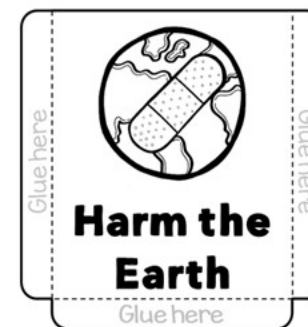

# Easy to Make and Assemble

Simply print the templates and let your students complete and create!

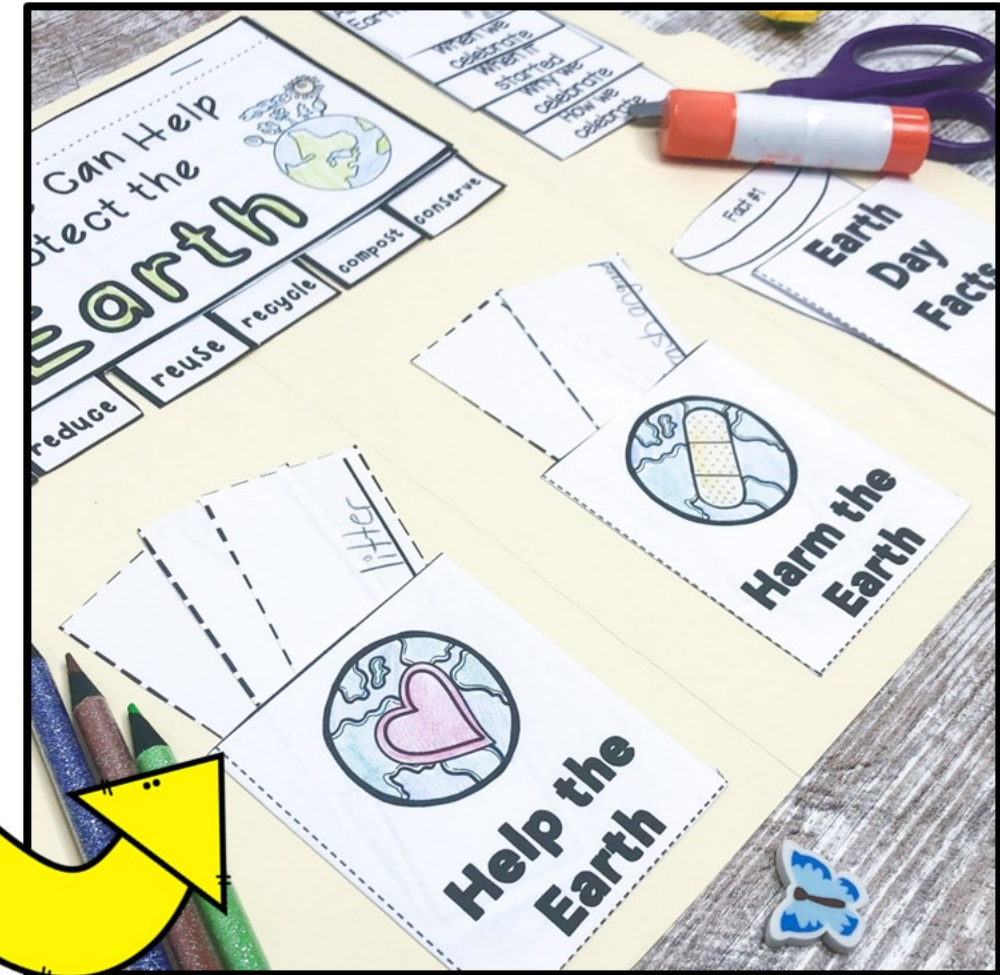

These templates go just beyond a worksheet. They become interactive!

Cut out the boxes that say Help/Harm on the solid lines. Cut out each blank strip. Fold back each flap on the Help/Harm box that says "glue here." Only place glue on those strips and glue to notebook. This will create a pocket to sort the strips into the correct pocket inside. On each strip, write something that is helpful or harmful to the Earth
