# Teacher Tips

## 1 Prepare Materials

- scissors
- glue
- markers, crayons, or colored pencils
- copies of lapbook pages
- file folder, construction paper, or notebook (fold one side to the middle, then fold the other side to the middle)

## 2 Create Lapbook

- Break the activities up into different days or sessions. I like to do one activity (flap) a day.
- Students will cut & glue each flap to the folder and complete the activity.
- Complete various activities throughout the week to place into folder.
- Decorate the front.
- Bring home to share with families.

# What's Included:

Each template has step by step directions to tell you how to cut and fold each flap!

**Life Cycle of an Insect**

1st 2nd 3rd 4th

glue here

eggs pupa larva adult

Cut out the long rectangle on the side on just the solid lines. Cut out each individual picture. Glue the pictures in order to show the life cycle of an insect onto the long rectangle strip. Accordion fold the strip on the dotted lines. Place glue just on the "glue here" strip to glue to lapbook.

**Insects**

can have are

Use the words to glue on to the insect to label the parts.

thorax wings legs abdomen head antennae

Cut out the large rectangle. Then cut just the solid vertical line and stop before you get to the strip at the top. Place glue on the horizontal strip that says Insects. Lift each flap to write what Insects can have, & are

# What Teachers are Saying...

"This is an awesome insect unit activity! Had my kiddos do a little more of this book each time they learned something new about insects. They couldn't wait to take them home and show their families!"

"My students really enjoyed this resource. It kept them engaged and had no trouble starting the work by themselves. It required no prep time on my part which was very helpful."

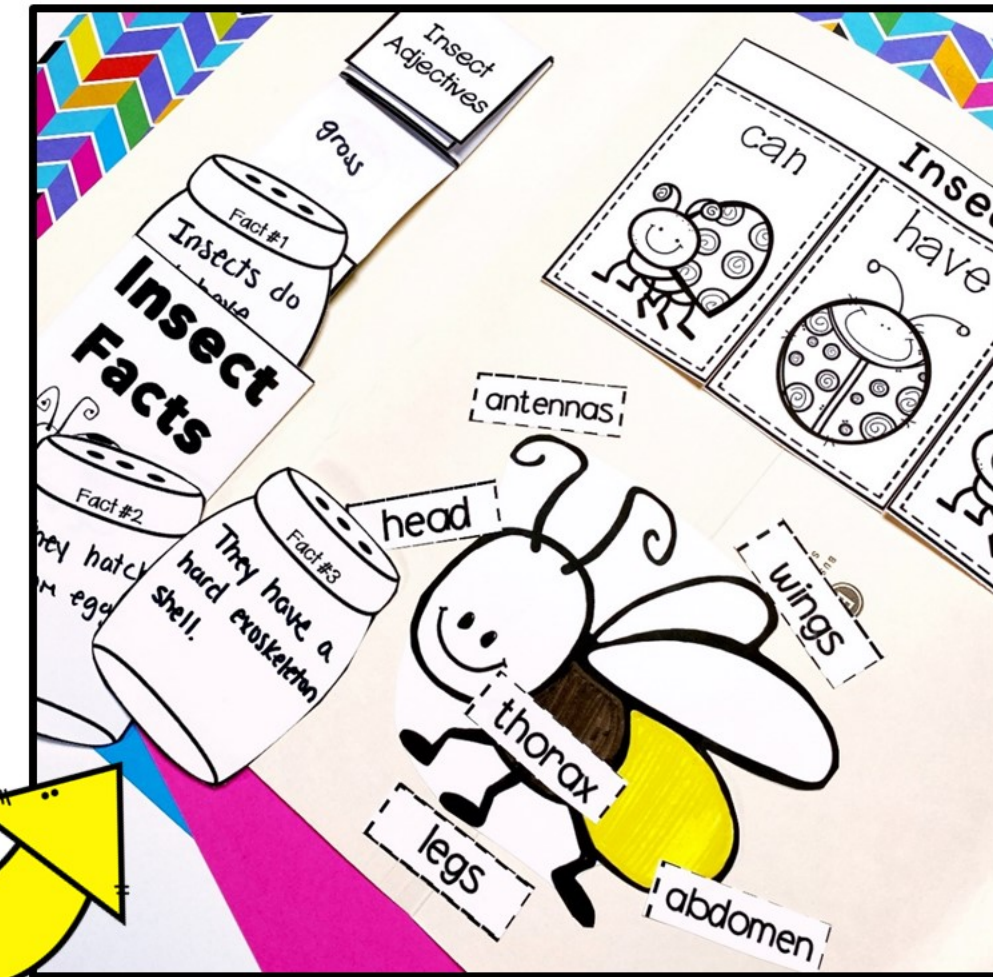

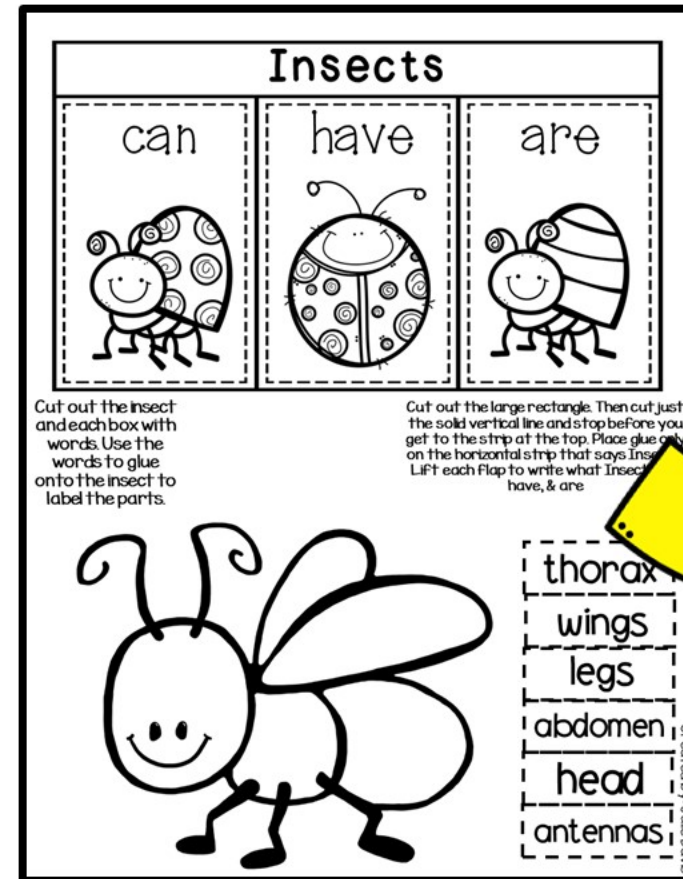

"This was an excellent resource to review what the students had learned in our insect unit. It was a nice project that the kids were excited to take home and share with their families!"

# Easy to Make and Assemble

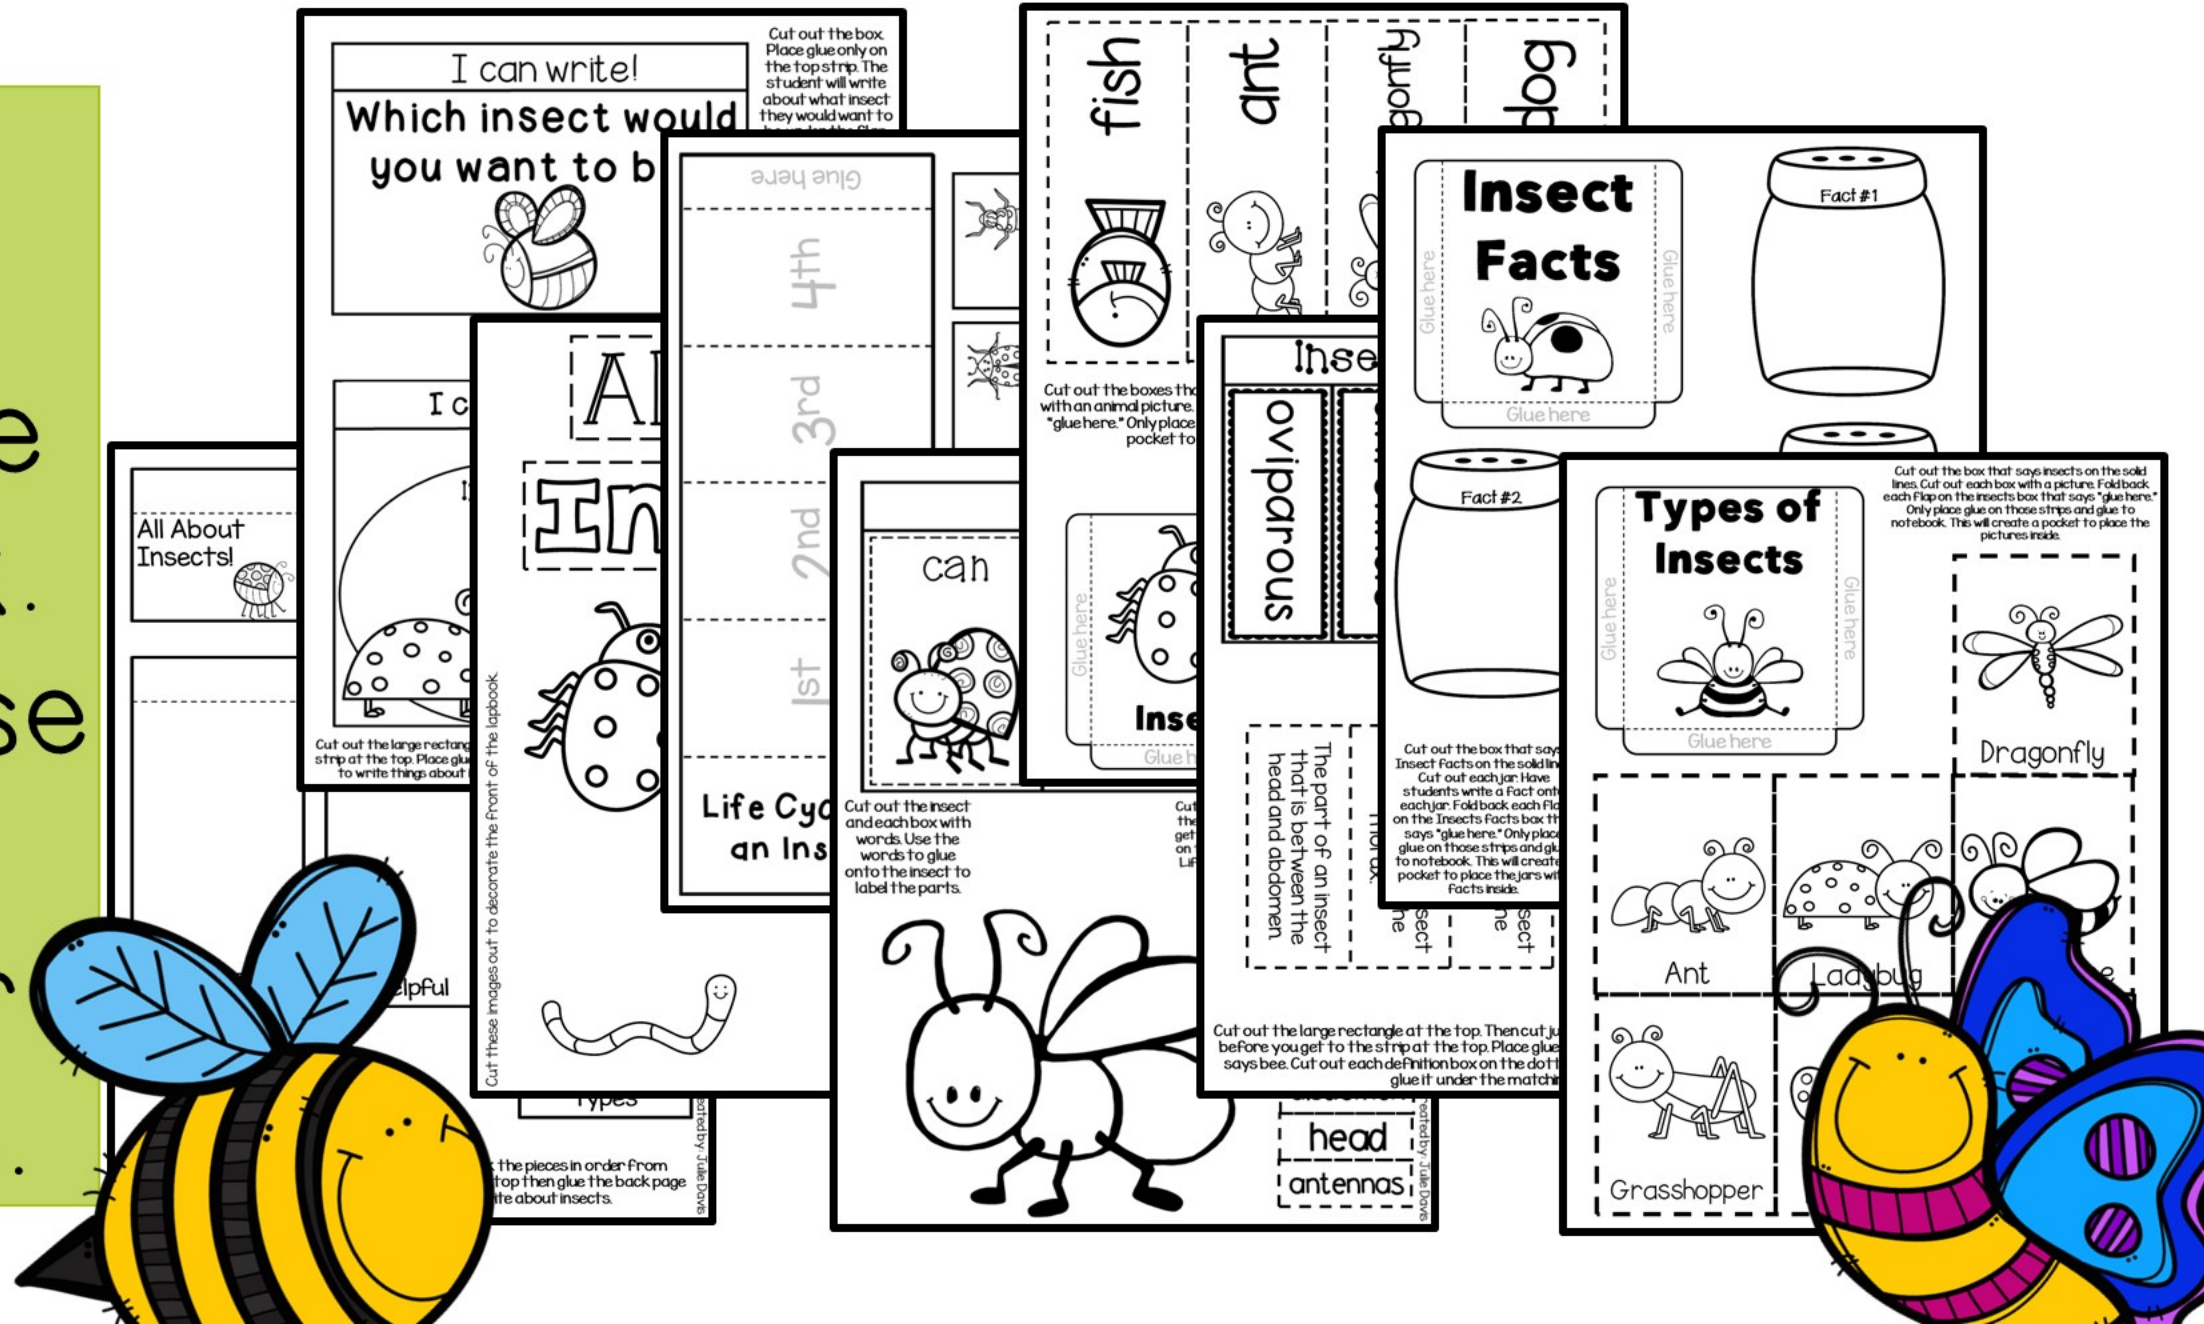

Simply print the templates and let your students complete and create!

These templates go just beyond a worksheet. They become interactive!
